

AMIT BADONI

Full-Stack Developer

badoni.amit100@gmail.com | +91-6398651767 | [LinkedIn](#) | [Github](#) | [Portfolio](#) | Noida, India

PROFESSIONAL SUMMARY

Full-Stack Developer with internship and project experience using React.js, Next.js, Node.js, and Express.js. Hands-on experience developing REST APIs, authentication and authorization features, product and inventory management modules, and integrating frontend applications with backend services.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript

Frontend: React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database & ORM: PostgreSQL (Neon), MySQL, Prisma ORM

Tools: Git, GitHub, Swagger, Postman

WORK EXPERIENCE

Full Stack Developer Intern – Nexzem Technologies

Apr – July 2026

Dehradun, Uttarakhand, India | On-site

- Contributing to a multi-tenant ERP/POS platform supporting 8+ business verticals with backend APIs and inventory management features.
- Developing RESTful APIs and implementing Role-Based Access Control (RBAC).
- Collaborated on database schema design and backend development with the engineering team.

Frontend Intern – Aiking Solutions Pvt. Ltd.

Nov 2025 – Dec 2025

Remote

- Developed responsive and reusable UI components for an AI-powered job application automation platform using React.js and Tailwind CSS.

PROJECTS

VyapOs | Multi-Tenant ERP Platform | *Next.js, TypeScript, Express.js, PostgreSQL, Prisma, Redis*

- Developed REST APIs and backend modules for product management, categories, subcategories, master inventory, and stock transfer workflows.
- Implemented business-level authorization, validation, pagination, soft deletes, and centralized error handling across modules.
- Built inventory workflows including opening stock, valuation, reorder levels, and stock transfers using Prisma transactions.

HillRide – Cab Booking Platform | *Next.js, Tailwind CSS*

- Built a responsive cab booking platform for hill-region travelers with package pricing, private cab booking workflows, and WhatsApp-based booking inquiries.

Hope & Paws – Animal Welfare Platform | *Next.js, TypeScript, Tailwind CSS, Python, PostgreSQL* | *Ongoing*

- Developing a full-stack animal welfare platform with a Next.js frontend and Python-based backend for adoption, rescue stories, donations, and contact management.
- Implementing responsive frontend interfaces and contributing to Python-based REST APIs, PostgreSQL integration, and core application workflows.
